EXPERIENCE

OXYTECH TECHNOLOGY

(Jan 2024 - Oct 2024)

PHP Developer

- Developed and maintained WordPress and Wix websites for clients across various industries.
- Handled WordPress LMS integrations using LearnDash, and managed WooCommerce-based e-commerce solutions.
- Built and customized websites using popular themes like Divi, Avada, and Elementor.
- Created responsive landing pages and performed PHP core CRUD operations for custom applications.

SWA SOFTECH PVT. LTD.

Present (Nov 2024 - 2025)

Laravel Developer

- Worked on multiple Laravel-based projects, managing both frontend and backend development using AJAX, jQuery, HTML, CSS, and PHP.
- Developed and maintained Multi-Level Marketing (MLM) projects with features like date-based filters, state-dependent searches, user blocking systems, and dynamic dashboards for admins, users, and franchises.
- Implemented complex business logic for modules including level income, direct income, matching income, and ROI tracking.
- Designed and launched Laravel e-commerce websites, notably AlignFlowProfit.com and KickyOutfits.com (live).
- Ensured applications were responsive, scalable, and aligned with client requirements while maintaining clean, efficient, and maintainable code.

CERTIFICATIONS & TRAINING

- Successfully completed the "BE10X" AI Workshop.
- Completed PHP and HTML training at NIIT, Lucknow (2019).
- Completed 6-month Hardware & Networking training under PMKVY (2019-2020), earning certification.
